

Manitoba Neighbours Legacy Information

For anyone who assists in this MANITOBA NEIGHBOURS Mission, it automatically becomes your legacy. You will be making an enormous difference in people's lives, through which we leave a legacy of your involvement and contribution. It really is neighbours helping neighbours. A feel good mission where you indeed make a difference that keeps on Giving over the years – even when you and I are gone, your legacy lives on.

You help, you participate, you get involved at the advertising contribution level you feel comfortable with and matched with your blessings in life. This can be your way of sharing good will.
