I also thank Louise Hay, as it is through her and Hay House and her World Wide Forum that I was introduced to over 100 plus authors each year, over a seven day program. I did this for three years and met over two hundred authors that taught every subject under the sun and on God's Green Earth. They too have become my mentors as I taped every one of them. Thank You Louise, Thank You All.

Louise Hay, the founder of Hay House, is known as one of the pillars of the modern self-help movement. Louise's personal philosophy was forged from a troubled early life, capped by her most profound challenge—literally healing herself from cancer through the power of her mind. As she wrote, "Every thought we think is creating our future."

Louise initially self-published Heal Your Body and You Can Heal Your Life, both of which became international bestsellers. Hay House was founded in 1987 as a way for Louise to help other authors publish transformational books and audio programs. Today, Hay House is one of the largest independently owned mind-body-spirit and transformational enterprises in the world. With U.S. offices in Carlsbad, California; New York City; and Austin, Texas, and international divisions in the United Kingdom, Australia, and India, we deliver our products and services to millions of people in more than 35 countries.

When I was diagnosed with Colon Cancer Stage 3C, my sons Kyle and Cam Tirschmann got me "The Secret". I read the book many times and played the DVD - Secret TV everyday for a month before my operation to remove 12 inches of Colon. Then for six months everyday I played some or all chapters depending how much help I felt I needed. Generally at least every opportunity sometimes twice a day I played the health chapter and recited "Thank You For My Healing". Then for the next six years I played some chapters everyday. I claimed The Secret helped save my life while many I met in Chemo never made it. I was one of the fortunate few. I thank Rhonda Byrne and all her mentors who are now mine. I also thank my sons.

Master Mentor Series

"....what to do with people you hate"..

This 60-Second clip with Wayne Dyer could alter you forever!

[Watch 1-min Video Clip](#)

There are so many great stories in this **full length video:** [TRIBUTE VIDEO](#)

There is ONE story that is worth repeating!

This story is VINTAGE WAYNE DYER: In a few sentences, he can shift how you see something, forever. (Don't you miss Wayne? I do.)

Here, Wayne recounts to Mary and Les what he learned from his mentors, Jack Boland and Ram Das, about WHAT TO DO WITH PEOPLE YOU HATE, OR "DISDAIN" as he puts it.

Wayne said this works on anyone with whom you are having problems, including spouses, family members, bosses, or even people in the news or POLITICAL FIGURES!
